MARCH 1997 ISSUE

President's Message

Last month our chapter had an educational and entertaining evening with our featured speaker, Mrs. T of T's Enterprises. Speaking on her methods for helping hotels reduce telecommunication bills, Mrs. T reminded us that as hotel controllers and member associates, additional dollars are available to us if we only know where to look. Thank you Mrs. T!! And thank you also goes to Leila McNab who worked hard to create a wonderful atmosphere and make sure all went well at our gathering.

Currently, Don St. Hilaire of Cal Poly Pomona, and Eden Slegre our chapter Vice President, are working to revise the criteria for our Student Scholarship Fund. The criteria will become more specific to our association and will possibly include such requirements as having taken at least two accounting courses and a career objective in hospitality accounting or financial services. Don't forget to enter the raffle and contribute to this fund at each chapter meeting.

On the horizon...plans are currently underway to set up a fun-filled social event for us in June. At the February meeting, an informal vote was taken and our members decided that a

cruise was the most popular choice of events. We are now working with a potential sponsor who may help alleviate the cost of the event to our members. At the March board meeting, decisions will be made regarding the final details of the budget, the location of the boat, etc., and as always, members are welcome to join the Board at their meeting. The Board generally meets at 5pm on the day of our chapter meeting. And remember, this June event is for everyone. You are encouraged to bring friends, family and loved ones!! Look for more information to follow soon.

For our April meeting, we are planning to have a speaker discuss the changing IRS requirements and how these affect those of us who deal with the reporting of taxes for our workplace. As we all know, the IRS is looking for ways to reduce the massive amount of paper generated at tax time and these changes will definitely affect all of us, so this will be a meeting not to miss! The April meeting will be held at the beautiful Peninsula Hotel in Beverly Hills.

See you on the 20th at the Bel Air Bay Club!!

Mary

P.S. - Please join us at our next board meeting at 5pm on March 20th at the Bel Air Bay Club.

HOTEL-ONLINE WEBSITE

IAHA member Dick Johnson (San Francisco chapter) has opened a great website for you to visit! In fact, this is "must" reading if you want to be current on who is buying who (or who bought your property last night!) He has daily satellite links to several news organizations and has many additional features which you will find valuable.

DO YOU LIKE WINNING RAFFLE PRIZES?

Of course, we all do! To keep the raffle going, we need prizes! Please donate logo items, a bottle of wine, or any fun item to represent your property! Proceeds go towards our scholarship fund.

Let

us know your favorite website and we will publish it in the next newsletter!

This month's speaker

This month, our speaker will be talking about a subject most of us do not like to think about...."The Disaster." Whether fire, flood, earthquake, or other Act of God, disasters are not pleasant to talk about. However, our speaker will show us how avoiding this issue could cost us in the end. This is especially true in our industry where any type of disaster means having concerns not only about customer and employee safety but also property damage, insurance claims and any possible financial devastation that may follow.

As a person with a financial responsibility to your hotel, would you know what to do or who to call after a disaster strikes your property? Does your property even have enough insurance if a disaster does strike? Do you have a designated emergency team?

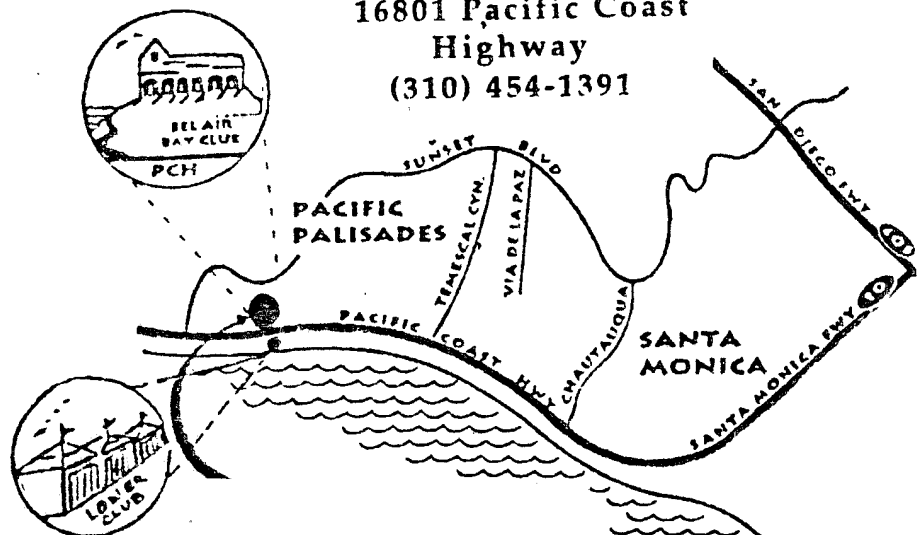

Did you know it is critical to have your team at ground zero within 24 hours of a disaster? The immediate response by your team could save your company millions of dollars ... no action plan and limited response could cost your company millions instead.

Our speaker will be Julia Rider from Jeffer, Mangels, Butler & Marmaro LLP, "the premier hospitality practice in a full-service law firm." The JMBM Hospitality Group addresses virtually every area of legal services required in the hospitality industry. At our meeting, the speaker will help inform us on how we can legally be prepared for any disaster and avoid losing money after such an event.

In an earthquake-prone state such as California, no one has an excuse to miss this meeting!!
